

Chemistry Biology *Interface* Training Program

Symposium Schedule

Saturday, May 7, 2005

9:00 – 10:30 **Poster Session-Upper Atrium Chemistry Building**

1640 Chemistry Building

10:30 – 11:30 **The β 2 Adrenergic Receptor and HDL particles:
Norimaki anyone?**
Professor Roger Sunahara-University of Michigan

11:30 - 12:15 **Starting a Career in Academia**
Professor Shana Kelley-Boston College

12:15 – 1:00 **Lunch**

1640 Chemistry Building

1:00 – 1:30 **Tuning the Potency of Artificial Activators**
Ms. Jenifer Lum

1:30 – 2:00 **Peptide Inhibitors of Regulators of G Protein Signaling**
Ms. Rebecca Roof

2:00 – 3:00 **Keynote Address**
Professor Shana Kelley – Boston College
**Peptidoconjugates as Molecular and Cellular Probes
of DNA Damage**

3:00 – 3:15 **Closing Remarks**
Prof. Vincent Pecoraro

Professor Roger Sunahara

Professor Shana Kelley
