Connecting to the internet

Museum of Natural History

Kimberly A. Brink - January 17, 2016

Connecting using the iPad

1. On the iPad, open the Settings app.
2. Select WiFi.
3. Select MWireless Guest.
4. A login window should appear, enter your uniqname and password.
5. Remember to logout of MWireless Guest before you leave the museum at the end of your shift.

Connect using the laptop

1. Open “Connect to a Network” by clicking the Start button, and then clicking Connect to.
2. In the list of networks, click MWireless Guest, and then click Connect.
3. Open your preferred browser and attempt to open a webpage.
4. A login page will appear in the browser, enter your uniqname and password.
