# COMBINING SURVEY SOCIAL SCIENCE WITH DATA SCIENCE METHODS: FRAGILE FAMILIES CHALLENGE & BEYOND

Jeremy Freese  
Colter Mitchell  
Matthew Salganik

Friday, 6 October, 3:10 PM  
ISR-Thompson room 1430

New Data Science methods and mass collaborations pose both exciting opportunities and important challenges for social science research. This panel will explore the relationship between these new approaches and traditional survey methodology. Can they coexist, even enrich one another?
