

Perrigo Undergraduate Summer Fellowship

June 5 to
August 11, 2023

The University of Michigan Life Sciences Institute is seeking applicants for its annual summer fellowship, which offers an immersive, hands-on experience in basic science research.

The **Perrigo Undergraduate Summer Fellowship** is open to all undergraduates currently enrolled in any Michigan college or university (priority given to rising juniors and seniors). Students will work side-by-side with mentors in the LSI labs for 10 weeks, and will receive a \$6,000 stipend and \$2,500 in housing support.

Students interested in chemical biology, biochemistry, cell biology, pharmacology or related fields are encouraged to apply.

Applicants should have excellent academic records. Some experience working in a lab is preferred.

About the U-M Life Sciences Institute

The LSI is an independent research institute within the University of Michigan. Our faculty use a range of tools and model organisms to explore the most fundamental biological and chemical processes of life. Our culture embraces innovation, collaboration and creative science that has a tangible impact on human health, longevity and well-being. Learn more at: lsi.umich.edu.

Applications are due by **February 10, 2023**. Apply online at: perrigo.lsi.umich.edu
