**Accessing YBRC Remote Enclaves (Windows)**

*If accessing off-campus, you must use the U-M (not UMHS) VPN to gain access. [https://its.umich.edu/enterprise/wifi-networks/vpn/getting-started](https://its.umich.edu/enterprise/wifi-networks/vpn/getting-started)*

*Access to the Precision Health Virtual Machines is automatically granted after logging into DataDirect.*

- Use Windows search functionality to open the “Access RemoteApps and Desktops” configuration wizard.

- Enter the following address as your connection URL and click Next
  
  [https://gw.ph.ses.cloud.arc.umich.edu/](https://gw.ph.ses.cloud.arc.umich.edu/)

  ![Image of the configuration wizard]

  **Enter your email address or connection URL**

  **Email address or connection URL:**
  
  [https://gw.ph.ses.cloud.arc.umich.edu/](https://gw.ph.ses.cloud.arc.umich.edu/)

  **Examples:**
  
  - [https://contoso.com/rdweb/feed/webfeed.aspx](https://contoso.com/rdweb/feed/webfeed.aspx)
  - john@contoso.com

  ![Next button highlighted]
● Click “Next” to complete the connection setup.

Ready to set up the connection

Connection URL:
https://gw.ph.ses.cloud.arc.umich.edu/

Windows is ready to add available resources (programs and desktops) from this connection to your computer. To continue, click Next.

! If you continue, links to remote programs, files, and computers will be downloaded and added to your computer. These links will be updated periodically and automatically from the connection URL. Don’t continue unless you recognize the connection URL above and know where it came from.

● When prompted to enter your credentials, enter the username as UMROOT\uniqname and use your level-1 / UM password as the password. Click OK or hit Enter to continue.

Enter your credentials
These credentials will be used to connect to gw.ph.ses.cloud.arc.umich.edu/ and the RemoteApp and desktop resources it provides.

![Login credentials]

- [ ] Remember my credentials

- OK  Cancel

● Click Finish on the summary to complete the setup.
Click on the Start button and locate a precision-health folder, which will have a Precision Health remote computer to connect to. Click on the remote computer.

Next, you can check the box “Don’t ask me again for connections to this computer” and click “Connect.”

When prompted to enter your credentials, your username will be **UMROOT\uniqname** and your password is your **level-1/UM password**.

Enter your credentials
Type your user name and password to connect to
ph.ses.cloud.arc.umich.edu
● Once logged in successfully, read and agree to the terms on the U-M Responsible Use Banner.

● Authenticate with Duo using your preferred method on the next step.

● You should now be logged into the Yottabyte virtual machine. For easy future access, right click on the “Precision Health” file in your program browser and select “Pin to start”.
